GHIBLI SPYDER SS

The 1971 ***Ghibli Spyder SS*** featured here is being offered for sale by MIE Corp. Chassis #AM115/49.1261 is a stunning, low mile example of the rarest and most desirable of all the Ghibli series cars. Of the 1100 Coupes and 119 Spyders produced, less than 40 cars were built as SS Spyders, and of those 40, less than 25 were custom fitted with the most beautiful hard top ever offered.

INTERIOR: The tan leather interior of #1261 is in superb original condition. The headliner of the Factory fitted hard top has been retrimmed in the MIE workshop.

ENGINE: The 4.9 litre, 4 cam V-8 is silky smooth in town with power to spare on command. The engine of #1261 has been highly detailed and tuned by the skilled craftsmen at MIE. ***All numbers match.***
